

Solutions for Life

Adult, Couples, Child, Adolescent,
and Family Counselors

Thanks so much for choosing to strengthen your already great marriage or improving one you wish to make better. We are excited to join with you in this process.

After we receive confirmation of your purchase, you will receive either a code by email or a copy of the book Couples Checkup with the code on the inside of the back cover. Please visit this weblink:

or www.couplecheck.com – click on the Get Started Today button in red. If you don't already have an appointment with one of our staff, call us at 214-509-6888 to set up your follow up session. After both of you complete your inventories, you will be able to log back in for the results. Please download these and email a copy to the counselor you have the scheduled appointment. You will need to bring with you to the session (the book if you've already received it – if not, our staff will give you yours in session), a copy for both of you of the assessment or one to share and a copy for both of you of the workbook you will also be able to download.

Thanks again. We look forward to seeing you soon.

Kind Regards,

Michelle Nietert, M.A, LPC Supervisor
